

National Culture Collection of Pathogenic Fungi (NCCPF)

- A national facility supported by ICMR, New Delhi
Mycology Division, Department of Medical Microbiology,
Postgraduate Institute of Medical Education and Research, Chandigarh -160012, India

Identification/Accession form

Temp. accession No.....

Date:

Senders Details:

Name:..... Email id.

Address:..... Contact No.....

Date of Isolation..... Source of Isolation..... Isolate ref no.....

Patient Details:

Age..... Sex..... Diagnosis.....

Brief History:.....

Provisional Identification:.....

Colony Morphology

Obverse..... Reverse..... Texture.....

LCB Findings.....

Slide Culture/Water Agar.....

Special media used.....

Temperature Study.....

CMA Findings..... Urease..... Sugar Fermentation.....

Sugar Assimilation..... Special tests.....

Conventional Identification Results:

DNA Sequencing: ITS/18S/28S/other genes specify..... Date..... Folder Name.....

Blast Results: Percentage identity..... Max coverage.....

Final identification:.....

Sent for confirmation/identification: Dispatch No..... Date:.....

Name of centre.....

Confirmed and identified as..... on..... accession no, if any.....

NCCPF NO.....

Laboratory in-charge
